---

Dear \_\_\_\_\_,

I hope this letter finds you well. I was thrilled to hear about the new cardiac catheterization lab at Lenox Hill Hospital, and I am writing to express my deep interest in a position there as a PA. I plan to graduate from York College and sit for my certification exam in January 2023. During my training, I was thrilled by the experience of attending PCIs and TAVRs. I also had the pleasure of spending ample amount of time in the OR, becoming familiar with surgical techniques, and refining my skills in suturing. Prior to PA school, I was a medical scribe for an interventional cardiologist and became familiar with cardiac conditions and how to diagnose and treat them. With my fast learning, professionalism, and prior experience, I believe I will be an exemplary addition to the catheterization lab team.

I welcome the opportunity to discuss my qualifications and career possibilities at any time that is best for your convenience. I can be reached at 201-496-7403 or warveenothman@gmail.com. I look forward to speaking with you soon.

Sincerely,  
Warveen Othman, PA-S
